HISTORY MAKERS

Celebrate your museum's historical figures with a grant of up to £75,000 through the AIM Biffa Award History Makers Programme.

The programme is a partnership between Biffa Award and AIM and it will run over three years, supporting AIM member museums in England by funding new exhibitions that will inspire the public through the lives and achievements of extraordinary, historical figures.

The lives of these History Makers can inspire a new generation with the qualities behind their successes, such as ingenuity, bravery, persistence, endeavour, imagination and insight...so tell the world about them!

HOW TO APPLY

You must be an AIM member museum or heritage site based in England and located within 25 miles of a Biffa Award operations site to be eligible.

Please check www.aim-museums.co.uk for more information or call 01584 878151
